

Bland Ministry Center

FOOD PANTRY • CLOTHES CLOSET • DENTAL CLINIC • HOME REPAIR

Friends,

Several mission teams from across Virginia and the Southeast have already visited Bland this year to serve local families, and our schedule is full through this Fall. They have packed boxes for our food pantry, sorted donations in our clothes closet, and even donated services in our dental clinic. The hardest projects they've completed, however, have involved power tools, lots of labor, and relationships built with clients.

A local man spent several months in a hospital after his COVID symptoms led to a Guillain-Barre diagnosis. When he was released to at-home care, however, he and his wife had to move in with family members as their home was not handicap accessible. Their family has worked on the bathroom while our friends from Richmond and Harrisonburg have widened doors and built a ramp. After 18 months away, there's just one last project before they can return home.

A team from Gretna is working at the home of a recently-widowed woman. When her husband fell ill last year, all of the "honey-do" projects around their home suddenly got pushed down on their priority list. While she is adjusting to life without her husband after a long battle with cancer, we are so humbled by the love and care shown to her by the mission team. Broken doors without insulation from frigid winter weather and unsafe rails on her back porch should be the last thing on her mind.

Bland Ministry Center's Board of Directors invite you to participate in our 17th Annual Hope and Care Golf Tournament to benefit home repair and handicap accessibility projects just like these. Whether you join us on September 23 for fellowship and friendly competition or send in a financial contribution, please know that all monies raised will help ensure local families have safe, comfortable homes.

Appreciative,

Brad Altizer
Board of Directors

Dee Dee Hoosier
